ife because I enjoy perfect health."

Miss Mattie Douglass, 138 Thomas Avenue, Memphis, Tenn., writes:
"From my early womanhood I have been troubled with occasional headaches. I took different powders and frugs, at times getting temporary relief. One of my friends advised me to try Peruna, which I did. I soon found that my general health improved, and my entire system was toned up.
"I felt a buoyancy of body and lightness of mind I had not known before und my headaches had completely disappeared, and I have enjoyed perfect health for over a year. I gladly endorse Peruna."

MATTIE DOUGLASS.
Women from all parts of the United States and Canada are testifying daily Peruna Makes Clean, Healthy Mucous Membranes - Catarrhal Diseases Disappear Permanently.

The mucous membrane is to the inside of the body what the skin is to the outside of the body. It lines every organ duct and cavity. Catarrhal inflammation attacking one part is liable to spread to other parts. A neglected cold or slight catarrh is often the cause of lingering and dangerous catarrh. States and Canada are testifying daily to the virtue of Peruna. Only a few of these letters can ever be published.

Women are naturally more susceptible to inclemencies of the weather than men. With them a cold is often tha starting point of some severe pelvic de-rangement, causing much pain and suf-

fering.

Every woman needs a remedy upon which she can rely to keep her system fortified against the trying weather of winter and early spring. If Peruna is taken at the first symptom of cold it will cure it before it developes into some annoying catarrhal derangement.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
